

The 35th annual conference on Astronomical Data Analysis Software & Systems 2025 in Görlitz, Germany

Wednesday 12 November 2025

Plenary Session 10: Science platforms in the big data era (11:00 - 12:30)

time	[id] title	presenter
11:00	[48] Evolution of the GAIA Data Mining Platform To Near-Petabyte Scale	ILLINGWORTH, Malcolm
11:15	[22] A Platform to Unify Community-Generated JWST Legacy Data Products	SCORA, Jennifer
11:30	[27] CAOM-AI: Content-Based Image Search System	TEIMOORINIA, Hossen
11:45	[39] Big data exploration: a hierarchical visualisation solution for cubic surveys	FERNIQUE, Pierre
12:00	[109] Accessing and visualizing Cherenkov data via an Open Science web platform	ATES, Onur SERVILLAT, Mathieu
12:15	[156] Dynamization of big data workflows	HESSLING, Hermann
