The 35th annual conference on Astronomical Data Analysis Software & Systems 2025 in Görlitz, Germany

Thursday 13 November 2025

Plenary Session 13: Collaborating with other software ecosystems and disciplines (09:00 - 10:00)

time	[id] title	presenter
09:00	[145] From astrophysical to healthcare simulations: same tools, different problems	MOLARO, Margherita
09:30	[118] Scaling Python-based astronomical analysis to HPC systems with Heat	COMITO, Claudia
09:45	[124] PyData and Radio Astronomy Software Ecosystems	Dr PERKINS, Simon
